

## Company Music Department of Mis-Education

Dear Parents, Teachers, and Friends;

It has come to our attention that your child is failing miserably! "Why?", you ask! Well, the truth is that your child has learned to take advantage of the Public School System.

Instead of your child receiving an education based upon the basic reeding, ritting, and arithmatic, he / she has learned the in's and out's of how to scam the system and punish their teachers in the process. Accordingly, your child's choice of colleges will be severely limited to only one choice - UCLA (University on the Corner of Lexington Avenue).

While this is not entirely the fault of your child, the Public School System has adopted new rules to aid in your child's downfall. The new rules have been put in place to encourage your child to falsely accuse any teacher of abuse, and that teacher will be found guilty in two shakes of a #2 pencil! In addition, any teacher accused of actually teaching anything to your child, will be forced to report to the "rubber room" for an indeterminate period of his/her life.

Your question: "But what can I do to help my child?"
The answer: We have published a guide to help. This guide comes in CD format, entitled: "Crucified By The D.O.E.", and is a great new CD set of hilarious song parodies which sends out a serious message. Recorded by actual public school teachers, you will laugh your A\*\* off while getting a real education!
